## BRIAN'S REPORT

Waldenwoods members are the best! Let's celebrate with campfires and fireworks! Summer is upon us and we're ready to enjoy a little time together and the great outdoors. A couple improvements you may notice: new chemical automation systems in the pool and spa, additional bathroom improvements, new carpet in the family center, new lake treatment system, a new emergency entrance, and our new member portal.

And while it might take a few months to ramp up the effect, we've invested in a lakeshore treatment effort that's natural and healthy bacteria based. You may notice the new aerated treatment pods and dozens of smaller nano-pods (they look like mushrooms on a rope). Please leave them in the weed beds and let them do their work.

Congratulations to Natalie Villar, Winner of our 2019 Employee Of The Year Award! Natalie has worked for us for many years now and is helping in Member Service and Activities. She's even helped us launch the new Member Portal training program! Have you logged in yet?

And a big welcome to Jeff Williams, our new Park Manager. Jeff has been involved in the resort for several years now, long enough to have improvement ideas right out of the gate. He also brings a ton of industry knowledge and work experience to the job which we greatly appreciate.

If you haven't logged in yet, please email [memservice@waldenwoods.com](mailto:memservice@waldenwoods.com) to get your invite. You'll love the new system: get all the answers in one place, check in and check out from your phone once you get to the resort, make holiday reservations, see all your financial information, make payments, and see resort information like activities, events, hours, and Bellringer specials.

Bring some friends over and sign them up for a tour! Our referral program pays you for letting us know who you want our next members to be. Submit your referrals to [sales@waldenwoods.com](mailto:sales@waldenwoods.com) and they'll be your referral for the next 2 years.

## J. Roberts Favorite Quotes ... July 6, 1930:

"Truth comes to us from the past, as gold is washed down from the mountains of Sierra Nevada, in minute but precious particles, and intermixed with infinite alloy, the debris of the centuries." - Bovee

J. Robert Crouse, the founder of Waldenwoods, was an avid reader and wanted us to share from his quote book. Enjoy!
